Intro

Hello there, my name is Christian Marsh from Knoxville, TN. My journey into the world of code began in 2018 when I attended Pellissippi State Community College. Since then I have developed a passion to develop new skills and learn about new technologies. I still have much to learn and much to experience, but I am excited to finally start the next phase of my programming journey to meet new people and learn things only the professional world can teach me.

Skills

Personal skills

- Strong problem solving skills
- Good at teaching myself new skills and learning from others
